Having a protein shake after working out

Having a protein shake even if I haven't worked out that day

Huel huel • Follow

huel wait I can have a protein shake even if I didn't workout today?

Yes you can.

- 💡 Because your body is repairing itself on rest days too!
- 💪 If enough nutrients are available (including protein) then the body will repair muscles back stronger and bigger than before
- 👤 We all have different requirements for protein. These are based on: age, weight, gender and most importantly exercise level
- 🍷 If you need lots of protein a day, then protein shakes are a convenient way of getting enough protein with minimal effort
- 🥗 But if you can get enough protein through whole food that's great and keep it up! But it can be harder than you think
- 👉 So make sure you're getting enough protein on rest days as well as workout days

I reject the concept of romance since...	...my cousin's partner's neighbour's friend...	...catfished me online
Didn't fancy it this year, not after...	...somebody that I used to know...	...sold pictures of my feet on ebay
I'm actually boycotting Valentine's day because...	...an ancient wizard...	...recruited me in a pyramid scheme
I'm actually doing self-care this year because...	...my secondary school PE teacher...	...came back from the dead

HOW TO NOT SPEND ALL YOUR MONEY AFTER PAYDAY:

Set a new online banking password with your eyes closed

Bury it underground

Put your debit card in the freezer

Only pay for things with 2p coins

Put it in a really cute piggy bank you can't bear to smash open

Pretend it's 1972 and the internet doesn't exist

Keep your phone in a jam jar (and don't let anyone loosen it)

Resist pyramid schemes

Put it into anything child-locked

Send it into space with Jeff Bezos

Don't go near any magic bean salesman

Exercise some restraint

Just joking, hide all your money on the top shelf where you can't reach it

WHAT SOUTHERNERS ARE WEARING TODAY:

- Jumper
- Big coat
- Socks
- Another pair of socks
- Scarf
- Gloves
- Second jumper
- Hat
- Thermal underwear
- Probably another jumper

WHAT NORTHERNERS ARE WEARING TODAY:

- A disapproving look at southerners
- Maybe a jacket

sweet_things_by_lizzie_ I have to say that your company has THE BEST customer service of any company I've ever dealt with. I have a puppy and have been shopping with you for many months, and I'm so impressed by how easy it is to order merchandise or food and how quickly I receive it. Also, I just had a wonderful customer service rep offer me a refund on a product that didn't work, and I was so impressed by the kindness and willingness to help so quickly. Thank you for being a truly amazing company. It's rare to find, but I'm so happy I did !!!!

Jojo060558 Let's get this Straight...I am 63, while I would have never worked in one of your restaurants, the fact that the HIGH END, by far the better pancakes than IHOP..You are still paying waitstaff the same \$2.10 I made back in the 1970's..Because you are the bottom of the barrel type restaurant, I am@sure the tips are lousy! So maybe if you pay your waitstaff a cost of living affordable wage, you can attract more waitstaff...But to blame POTUS Biden, and crawl with Don the Con, validates you will NEVER attract any decent clientele!!

Worried using eye drops might break your fast during Ramadan?
Here are some tips to put your mind at ease 🙌

Can I use eye drops during Ramadan?

-  If you're using eye drops to treat glaucoma, stopping your treatments could lead to permanent sight damage.
-  The Muslim Council of Britain states that using eye drops does not break a fast, as they're not considered to be food or drink.
-  If you're worried at all, try pressing on the inside corner of your eye after applying drops to reduce them reaching the back of your throat. Or you can use your drops outside of fasting hours.

MARKETING WOULD LIKE TO SINCERELY APOLOGIZE FOR THE INTERN POKING FUN OF THE LIME LOVERS AT A TIME WHEN THERE WAS NO LIME. FROM THE INTERN'S POV, I WOULD LIKE TO SAY THAT THIS IS SINCERE, BUT IT'S NOT, MARKETING IS MAKING ME DO THIS. I MAY HAVE HURT LIME LOVERS FEELINGS RECENTLY, BUT I AM NOT REALLY READY TO APOLOGIZE FOR IT BECAUSE THE JOKES WERE FUNNY, LIKE LOL FUNNY AND I HAD A REALLY GOOD LAUGH ABOUT ALL OF THEM EACH AND EVERY ONE. CHECK BACK SOON, MAYBE I'LL CONSIDER APOLOGIZING, UNTIL THEN I'LL BE LAUGHING AT YOU.

Marketing didn't say they were mad about us making fun of you guys... they said they were disappointed... and that hurt worse.

Low-Quality Poop

A telltale sign of a kibble diet

High-Quality Poop

The hallmark of a fresh food diet

thefarmersdog • Follow

thefarmersdog 🐕💩 is truly an icon. But have you ever considered that it's actually a bad poop?

(Content warning for frank discussion of feces to follow...)

The swirly, "soft-serve" that gives "Pile of Poo" its distinctive look can actually be a sign of a digestive system in distress. We're proposing a new emoji called High-Quality Poop. It's what a healthy poop actually looks like—a nice, firm (less smelly) log that holds together when you pick it up.

You can find High-Quality Poop in GIF sticker form by searching The Farmer's Dog anywhere you use stickers! The next time you're talking sh*t on this platform, punctuate it with a High-Quality Poop!

Edited · 2 w

salitrynska_ Management of Lenovo, take note that every dollar of taxes you pay to the Russian aggressor government finances the bombing and occupation of Ukraine. Close your offices and online shops in the Russian market. Stop any activities in Russia immediately! #StopBusinessInRussia

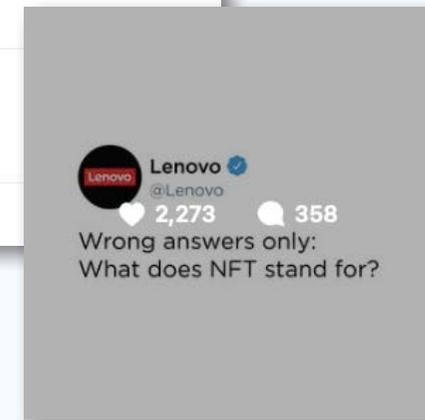

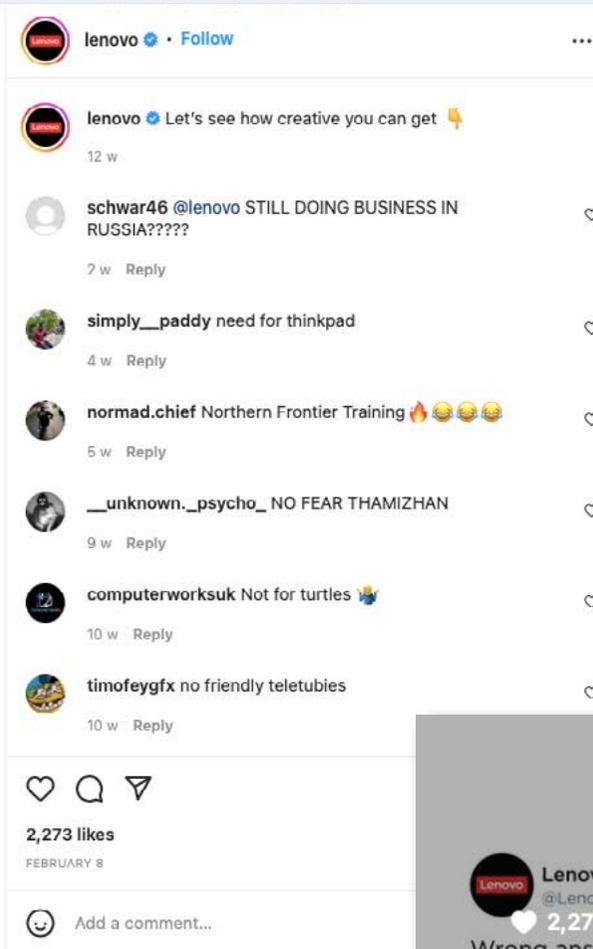

Lenovo, through your business in the Russian market, you are supporting the Russian bloody regime. Russia is killing Ukrainians and bombing our cities. Refuse agreements with the aggressor! Get your business out of Russia. Protect your name and your future from shame! Business in Russia = support for terrorism.

My Dad bought a new motherboard and I took the old one out and put the new one in because he didn't have a clue what he was doing, a week has passed and the laptop worked completely fine until today.
